Seminole Office Solutions Monitors the Dark Web to Keep Customers' Information Safe

*Leading Managed Technology
Services Provider (MTSP) Alerts
SMBs of Compromised Data*

LONGWOOD, FL – September 23, 2024 - Seminole Office Solutions a leading managed technology services provider (MTSP), announced today that the company proactively monitors the Dark Web to keep their customers' information safe. Seminole Office Solutions leverages sophisticated Dark Web intelligence technology to identify, analyze, and check for compromised customer and employee data. Cybercrime is rapidly on the rise in the United States and SMBs need to know if their information is on the Dark Web.

Sadly, it's become commonplace to see reports in mainstream news whereby hundreds of millions of customers' data has been breached by cyber criminals, that have successfully infiltrated networks and extracted sensitive data which inevitably leads to identity theft, corporate intrusion or any form of cyber abuse. Seminole Office Solutions has taken a proactive step
